

NYMC GRADUATE SCHOOL OF BASIC MEDICAL SCIENCES (GSBMS)

Whether a student aims to develop the next life-changing drug or vaccine, investigate the functions of the body's organ systems, educate the future generation of researchers or manage a science-focused non-profit, we offer M.S., Ph.D. and M.D./Ph.D. programs to meet their goal. Our Accelerated Master's Program is a one-year course of study that uniquely prepares its graduates for medical school, enjoying an acceptance rate of 85 percent. Our M.S. programs offer options for research training, non-research thesis or project-based internships in industry. The newly launched Biomedical Science and Management Master's Program is designed for students interested in developing professional management skills for careers in the pharmaceutical, biotechnology and other biomedical science industries – or in the government or not-for-profit sectors related to these fields. A new Master of Science in Clinical Laboratory Sciences program trains professionals to work in medical or industrial/pharmaceutical laboratories as licensed practitioners. Our Integrated Ph.D. program focuses on core scientific knowledge and original research in the basic sciences in preparation for a variety of advanced career choices.

GSBMS facts

158

STUDENTS
(AS OF FALL 2019)

59% FEMALE
41% MALE

Academic programs:

- M.S. Interdisciplinary Basic Medical Sciences (Traditional and Accelerated)
- M.S. and Ph.D. in Biochemistry and Molecular Biology
- M.S. and Ph.D. in Cell Biology
- M.S. and Ph.D. in Microbiology and Immunology
- M.S. and Ph.D. in Pathology
- M.S. and Ph.D. in Pharmacology
- M.S. and Ph.D. in Physiology
- Biomedical Science and Management Program (B.S.M.) - a Professional Science M.S. Program
- M.S. in Clinical Laboratory Sciences
- Dual degree program — M.D./Ph.D. with the NYMC School of Medicine

Number of GSBMS faculty: 100

GSBMS Tuition: \$1,200 per credit

GSBMS Diversity Numbers:

- 20% of GSBMS students self-reported as part of a group currently underrepresented in the sciences.
- GSBMS students self-reported as members of the following groups:
