ADULT CORE FACULTY

Muhammad Choudhury, MD, FACS
Professor and Chairman
Director, Urology WMC
Urologic Oncology

Majid Eshghi, MD, FACS, MBA
Professor
Endourology Fellowship Director.
Endourology and Stone Disease

John Phillips, MD, FACS
Residency Program Director.
Robotic Surgery Laparoscopy
Urologic Oncology

Gerald Matthews, MD, FACS
Male Reproductive Urology and Infertility,
Erectile Dysfunction

Sean Fullerton, MD
General Urology and Ambulatory Surgery

David Schwall, MD, FACS
Uro-Oncology & General urology

Denton Allman, MD, FACS
NeuroUrology & Voiding Dysfunction,
Female Urology

Sensuke Konno, PhD
Director of Research

RECENT PUBLICATIONS

PEDIATRIC CORE FACULTY

Paul Zelkovic, MD
General Pediatric Urology.
Robotic Pediatric Urology.

Lori Dyer, MD
General Pediatric Urology.
Robotic Pediatric Urology.

Richard Schlussel, MD
Robotics and Reconstructive Surgery.
General Pediatric Urology.

Miriam Harel, MD
General Pediatric Urology.

Christina Kim, MD
Robotics—Pediatric Urology. General Pediatric Urology.
**Welcome**

The Department of Urology at New York Medical College is dedicated to providing the highest quality education, cutting edge research, and state-of-the-art patient care possible. We are fortunate to have outstanding, expert-level faculty, enthusiastic about your training, the residency experience, and preparing a future generation of urologists. Our clinical and translational, basic science, and research opportunities will prepare the motivated resident for any academic or community career pathway. The program is structured to enable the resident to explore a wide range of urologic domains & specialties. Please use this brochure as an introductory guide or visit https://www.nymc.edu/departments/academic-departments/school-of-medicine/urology/

We look forward to your visit!

**FACTS ABOUT OUR PROGRAM**

- 100% 12-year board pass rate
- 158 graduate alumni
- 40% pursue fellowship
- Urban & suburban clinical experience
- Endourology Fellowship
- Dual console Da Vinci Robot experience
- Extensive pediatric experience
- Level I trauma
- Transplant experience
- Dedicated research laboratory
- Fellowship trained Faculty.

**Training**

- 1+4 structure
- WMC Primary Location
- 4-3 month clinical blocks
- 1.5-month research block
- Dry and Animal (Wet) Lab
- AUA Fundamentals in Urology Course
- Chief resident board review course
- NY Section Valentine Essay
- NY Section AUA City-wide Chief Resident Debate

**Participating Sites**

**Westchester Medical Center (WMC).** Uro-I, Uro-II & Uro-IV (Chief). Level-I trauma, transplant, pediatrics, robotic surgery, laparoscopic, open surgery, endourology and percutaneous renal surgery.

**Metropolitan Hospital Center (MHC).** Uro-I and -III years. Busy urban institution in Upper East side of Manhattan. Junior and Chief Resident have extensive “Hands-on” exposure to open and lap cases. SWL, Endourology, and outpatient urology.

**Hackensack University Medical Center, New Jersey.** Uro-III and Uro-IV with exposure to robotics, laparoscopy, Female Urology, incontinence, open procedures, and pediatrics.

**Lincoln Medical Center, Bronx, NY.** Uro-II and IV with exposure to open/laparoscopy cases, incontinence, endourology and pediatrics.

**Memorial Sloan Kettering Cancer Center, NYC.** Uro-II exposure to the management of complex, high volume uro oncology cases.

**Urology Graduates 2012—2017**
